## **Fall Impressions: Adding Layers to your Monoprint**

**Donna Brown**

**Oct 4-6, 2010**

**9am to 2:30pm**

Supply fee of \$15 is due to Donna at the start of class

Required:

- Apron,
- paper towels,
- cotton rags (t-shirt type best),
- brushes,
- q-tips,
- Pair of gloves.
- If you want to work with your own watercolors, bring them and your brushes and palette.

There will be a variety of oil and waterbased materials, and several sheets of paper included with your fee. If you plan on doing work after class time, or are quite prolific, you may need to purchase more materials at minimal cost from instructor. I do not want you to have to purchase a lot of materials specific to my class only and prefer that you bring things you already have...

Optional items:

- spray water bottle,
- texture making implements such as: plastic combs, wallpaper type glue spreaders, anything non metal and thin,
- printmaking papers of your choice including Japanese type paper, open weave materials like lace,
- roll of wax paper, newsprint or glassine to put between wet prints for transporting home...
- Brayers (remember these are optional, don't knock yourself out!)

Feel free to call or write me for clarification.
